SUBJECT: Personnel Staffing

1. Looking ahead to our strength figures for 30 September 1982, we must focus on those detailed employees currently on board with the ICS who are due to return to their parent organization between now and 30 September 1982.

2. Attached is a list of detailed personnel assigned to your office who are due to rotate by 30 September 1982. Please advise the Personnel Section of your plans for either extending or replacing these detailees. Please remember that except for CIA, we need 90-120 days lead time to process detailees from the Intel Cmnty. We generally can obtain CIA detailees within six weeks after selection.
